Subject: Label Notification(s) for Pesticide Registration 98-10 and 2007-4

Dear Dr. Spragins:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 dated September 3, 2013 for the product InTice™ Gelanimo™ Ant Bait. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action(s) requested fall within the scope of PRN 98-10. The Confidential Statement of Formula (CSF) and/or label submitted with the application has (have been stamped "Notification" and will be placed in our records.

The Agency is in receipt of your Application(s) for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 dated for September 3, 2013 for:

Alternate Brand Name: Maggie's Farm™ Simply Effective™ No Spill Ant Kill™

The Registration Division (RD) has conducted a review of this request for applicability Under PRN 2007-4 and finds that the label change(s) requested falls within the scope of PRN-2007-4. The label has been date-stamped "Notification" and will be placed in our records.

EPA Registration Number: 73079-8 InTice™ Gelanimo™ Ant Bait

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on non-refillable containers. The code may appear either on the label (and can be added by non-notification/PR Notice 98-10) or durably marked on the container itself.

If you have any questions, please contact Melody Banks on 703 305-5413 or via email @banks.melody@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Richard Gebken".

Richard Gebken

Re: InTice™ Gelanimo™ Ant Bait, 73079-8, 3.0% Borax
NOTIFICATION of Minor Changes

Dear Sir/Madam:

Attached please find our Notification of an ABN, additional pack sizes and minor changes in labeling for the subject product.

The label changes are housekeeping changes regarding contact info and trademark statements and some factual marketing statements. The label has also been reorganized and the optional marketing statements moved to a section at the end.

Both a highlighted and a clean copy of the label are attached.

There are no product changes and no other label changes.

Many thanks for your kind attention. Please feel free to contact us at 816 283 3167 or cspragins@rockwelllabs.com with any questions or concerns.

Sincerely,

Rockwell Labs Ltd

InTice™ Gelanimo™ Ant Bait

ABN: Maggie's Farm™ Simply Effective™ No Spill Ant Kill™

Green Zone™ (logo)

Active Ingredient: Sodium Tetraborate Decahydrate (borax).....3.0%
Other Ingredients:.....97.0%
Total:.....100.0%

NOTIFICATION

NOV 18 2013

EPA Reg. No.: 73079-8
EPA Est. No.: (as applicable)

Net Contents: 6 x 1 oz stations, 12 x 4 oz, 8 oz, 6, 9, 27 x 0.4 oz stations, 4,5 x 1.25 oz (35g) syringes

Manufactured by: Rockwell Labs Ltd (logo)
[North] Kansas City, MO 64116
[Phone number / Web address]
[© XXXX] [Trademark ownership statement]

KEEP OUT OF REACH OF CHILDREN

CAUTION

InTice™ Gelanimo™ is a patent pending, "rigid gel" formulation (similar to gelatin). The rigid gel contains a high moisture content yet remains rigid at temperatures up to 130 °F. Since ants can walk on top of the bait, more ants can feed at one time.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Use Restrictions: In edible product areas of food handling establishments, restaurants or other areas where food is commercially prepared or processed, or in serving areas when food is exposed, this product may only be applied as a crack and crevice treatment. Any product remaining outside of cracks and crevices must be cleaned up and removed.

***Kills:** Ants, (except Carpenter Ants, Fire Ants and Harvester ants)

For Use in and Around: Homes, hospitals, restaurants, apartments, grocery stores, institutional buildings, schools, cafeterias, warehouses, storage areas, food processing plants, mobile homes, boats, military bases, theaters, nursing homes, and on military, commercial, and cruise ships.

NOTE: *Bold italicized text is information for the reader and not part of the label.*
[Bracketed information is optional text.] Text separated by / denotes and / or options.

Ant Control and Elimination: Ants will initially feed in large numbers, but then disappear. InTice Gelanimo is designed to allow worker ants to take the product back to the nest and deliver it to the rest of the colony. Monitor the bait placements and ensure there is always a fresh supply of InTice Gelanimo Ant Bait at each placement.

Indoor Use

Apply the product to small pieces of cardboard, paper or foil, or in purpose built bait stations such as Rockwell's BaitPlate Station (sold separately) and place product in areas inaccessible to children and pets where ants are seen. Ants often trail along structural edges and will seek out moisture and food. Bait around sinks, tubs, window sills, under food cabinets, around floor edges and in corners. Use numerous bait placements, rather than fewer large placements. Often, invading ants nest outdoors. It will help to bait outside, close to where ants are found entering the structure. Ants normally follow specific trails from the nest to food or water. Placing InTice Gelanimo close to these trails will improve control.

(Or for 0.4 oz prefilled stations only):

Use a pen or similar object to push in the tab covering the small hole on top where the ants will enter and exit the station. The station may be used in any orientation. Place stations in areas inaccessible to children and pets where ants are seen. Ants often trail along structural edges and will seek out moisture and food. Bait around sinks, tubs, window sills, under food cabinets, around floor edges and in corners. Use numerous bait placements, rather than fewer large placements. Often, invading ants nest outdoors. It will help to bait outside, close to where ants are found entering the structure. Ants normally follow specific trails from the nest to food or water. Placing InTice Gelanimo Stations close to these trails will improve control.

Outdoor Use

Environmental Hazards: Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high-water mark. Do not contaminate water when disposing of equipment washwaters or rinsate.

Outdoor Baiting: Locate areas around the building where ants are seen trailing. Apply InTice Gelanimo in areas inaccessible to children and pets. For a perimeter defense system, place bait stations near the foundation or where ant trails are found. Spacing the bait stations every 5 to 10 feet around the perimeter will provide the best results. Check

NOTE: Bold italicized text is information for the reader and not part of the label.
[Bracketed information is optional text.] Text separated by / denotes and / or options.

the bait stations regularly for activity. Remember ants will feed on InTice Gelanimo Ant Bait and carry the bait back to the rest of the colony. Heavy infestations may require several bait placement refills.

Storage and Disposal

Storage: Store in a cool dry place. Do not store where children or animals may gain access.

Disposal: If Empty: Non-refillable container. Do not reuse this container. Place in trash or offer for recycling if available. **If partly filled:** Call you local solid waste agency for disposal instructions. Never place unused product down on any indoor or outdoor drain.
